Date: 22 May 2026

RESOLUTION

(Passed in the meeting held on 22 May 2026 at the Council's office, Mumbai)

Subject: Implementation of Priority Area 19 (PA 19) of the Compliance Reduction and Deregulation Docket – Phase II - Simplify Medical Practitioners Registration/NOC across States with the Maharashtra Paramedical Council

PREAMBLE

WHEREAS, the Cabinet Secretariat, Government of India, has issued the **Compliance Reduction and Deregulation Docket – Phase II**, identifying **Priority Area 19 (PA 19)** — “**Simplify Medical Practitioners Registration / NOC across States**” as one of the key reform areas, with the facilitating ease of professional mobility of Registered Medical Practitioners across the country while ensuring continued regulatory safeguards in the public interest;

AND WHEREAS, the said Deregulation Docket has, *inter alia*, recommended that —

- (a) no additional *Prior Approval* shall be required for a practitioner already registered with any State Paramedical Council to render paramedical services in another State;
- (b) the inter-State registration process shall be premised on the principle of *self-certification*;
- (c) the requirement of obtaining a *No Objection Certificate (NOC)* from the parent State Paramedical Council, to be produced by the applicant practitioner, shall stand abolished; and
- (d) consequential amendments shall be carried out in the respective State Council Acts and Rules / Regulations framed thereunder;

AND WHEREAS, pursuant to the said Deregulation Docket, the Hon'ble Chief Secretary, Government of Maharashtra, in the meeting on “*Discussion on Compliance Reduction and Deregulation Phase II*”, directed all concerned Councils and Departments to take immediate and time-bound steps to operationalise the reforms contemplated under PA 19;

AND WHEREAS, the Medical Education and Drugs Department, Government of Maharashtra, vide its letter No. संकीर्ण-०५२६/प्र.क्र./अधिनियम dated 11 May 2026, has called upon the Maharashtra Medical Council, the Maharashtra Nursing Council, the Maharashtra State Pharmacy Council and the Maharashtra Paramedical Council to submit a comprehensive proposal containing the existing procedure, the list of statutory provisions requiring amendment, a draft of the proposed amendment, regulatory safeguards and an implementation timeline for the implementation of PA 19;

AND WHEREAS, the Council has, on careful examination of the existing inter-State registration process, found that the requirement of production of a NOC by the applicant practitioner from the parent State Paramedical Council results in time consuming process with limited regulatory benefit, the same objective being capable of being achieved more effectively through **internal back-end verification by the Council itself**;

AND WHEREAS, the Council, being mindful of its statutory duty to safeguard the integrity of the State Paramedical Register, public health and professional accountability, is of the considered view that simplification of procedure must be accompanied by **robust regulatory safeguards** including, but not limited to, a detailed self-declared undertaking from the applicant, suo motu verification with the parent State Paramedical Council, time-bound conversion of registration, and stringent consequences in the event of false declaration;

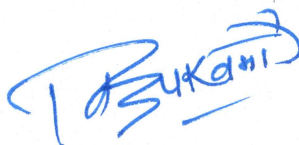

NOW, THEREFORE, the Maharashtra Paramedical Council, after due deliberation and in exercise of the powers vested in it under the **Maharashtra Paramedical Council Act, 2016** and the Rules and Regulations framed thereunder, hereby **RESOLVES** as follows:

1. Abolition of the requirement of NOC from the applicant

2. Internal back-end NOC / verification by the Council itself

RESOLVED FURTHER THAT, the Maharashtra Paramedical Council shall, on its own motion and through its own administrative machinery, obtain an **internal NOC and verification** directly from the parent State Paramedical Council with which the applicant is registered, by way of formal correspondence. The Registration number which is provided Provisionally shall be valid pending the receipt of the internal NOC / verification from the parent State Paramedical Council and shall, preferably, not extend beyond a period of **ninety (90) days** from the date of issue, save and except where the Registrar, for reasons to be recorded in writing, extends the said period by a further period not exceeding thirty (30) days. the validity period of the Provisional Registration Certificate issued by the Council shall be expressly mentioned by way of a footnote printed at the foot of the said Certificate.
